Our schools in Winfield and Clark are located in central New Jersey. We at the Deutsche Sprachschule strive to maintain a tradition of excellence. The tuition is reasonable, the instructors are superb, and the classes are small. Expand your child's horizons by giving him or her the gift of a second language today!

Give Your Child The Gift of a Second Language

The Gift of a Second Language

One of the most valuable gifts a child can receive is the gift of a second language. Children who are skilled in a second language **will do better in school, gain easier admission into college, and find a rewarding job** in our global economy.

State Standards Now Require a Second Language

Recently adopted curriculum standards require 4th graders to demonstrate proficiency in a foreign language. By the 12th grade, students must speak and read a foreign language fluently.

Invest Your Saturday Mornings

Given the choice, most youngsters will spend Saturday mornings glued to the TV. By enrolling your child in a language school, you can make sure that his or her time is used constructively. We live in a highly competitive society and mornings wasted in front of the TV can never be reclaimed.

Why the German Language?

Because German and English are closely related languages, learning German is easier than you may think. German is an international language spoken by millions of people in Germany, Austria, Luxembourg, Liechtenstein, Switzerland, France, Belgium, Russia, Romania, Hungary, the Czech Republic, Canada, the United States, and South America. Germany is America's third largest trading partner. **People who can read, write, and speak German are in great demand today.**

I'm Convinced! Details, Please!

Now that you know the importance of learning a foreign language, let us introduce you to the German Language School. The Deutsche Sprachschule was founded in 1934, making it the oldest German language school in New Jersey. Our staff, all experienced teachers of the German language, is headed by a high school language department chairman and holder of a PhD in language instruction. The curriculum includes speaking, reading comprehension, writing, grammar, and German culture. Classes are held Saturday mornings from 9:15 AM to 12:15 AM. There are 30 sessions running from September through May at our Winfield Elementary School location.

Tell Me More

The faculty and teachers at the German Language School take pride in the quality of the instruction we provide. Our staff knows how to motivate students in an atmosphere that is friendly yet challenging. Teachers use a variety of teaching methods to connect with their students. Music classes, computer lab, field trips such as the Steuben Parade, and our holiday festivities all contribute to a well rounded learning experience.

The Deutsche Sprachschule is a private, not-for-profit, non-sectarian language school, supported entirely by its students and their parents. The school is recognized by the German Government and is a founding member of the German Language School Conference.
